► HUMAN RESOURCES SECTORIAL COMMITTEE OF THE MARITIME INDUSTRY (CSMOIM) NEWSLETTER

VOL. 11 - NEWSLETTER N° 106
NOVEMBER 2015

MARITIME TRANSPORTATION GENERAL KNOWLEDGE

The Sectorial Committee, in conjunction with Innovation Maritime, will offer a day-long training session on shipping on November 26 in Québec City.

Designed for anyone wishing to gain basic shipping knowledge, the training session runs from 8:30 a.m. to 4:30 p.m. and costs \$220 plus taxes (lunch included). The training location is Institut Multi formation at 55 rue Marie-de-l'Incarnation, Suite 200, Québec City, QC G1N 3E9.

Our principal trainer, Nicolas Parent of Innovation Maritime, will be accompanied by two speakers, Anick Métivier of the Québec Port Authority and Steve Quenneville of Québec Stevedoring.

Inscription Form (in French)

(If this form does not appear to be "interactive" please "save as" before completing it.)

MARINE INDUSTRY TRAINING REQUIREMENTS SURVEY

The 2015-2016 training requirements survey exercise was completed in at the end of October, when the last forms were received. After the results were compiled, a recommended breakdown of the funding available for marine-sector businesses for regulated training was forwarded to Emploi-Québec.

By mid-november, organizations that are eligible for funding will receive a letter from the IMQ (Centre de Saint-Romuald) explaining the procedure to follow in order to benefit from funded availabilities. Based on training requests that could not be granted in the first round, the Sectorial Committee will make a reserve list for each type of regulated training. The list will be used to fill the availabilities not used to avoid losing the available funding.

Non-regulated training

While analyzing the survey results, we also paid careful attention to compiling needs for and interest in non-regulated training. This category covers training in seamanship, safety and security, the environment, human resources management and others. In the coming weeks, we will analyze these requests in greater detail to ensure that the training currently offered appropriately meets your requirements.

SECTORIAL COMMITTEE, ON HAND AT KIOSK 39 - QUÉBEC CITY CAREERS FAIR, OCTOBER 21-24

With the support of Ocean Group, Groupe Desgagnés and NEAS, the Sectorial Committee took advantage of the Québec City Careers Fair to go out and meet with young people and introduce them to a wide range of exciting careers.

A great success: thank you to our partners!

CLOSE TO 200 YOUNG PEOPLE EXPERIENCE WELCOME ABOARD! IN TROIS-RIVIÈRES

On October 15, in the Port of Trois-Rivières, close to 200 secondary school students from in and around Trois-Rivières enjoyed a unique experience.

Invited by the Human Resources Sectorial Committee of the Maritime Industry and the Corporation des Pilotes du Saint-Laurent Central, our prestige sponsor, the students visited the port facilities and participated in hands-on workshops at the Institut maritime du Québec, Corporation des Pilotes du Saint-Laurent Central, Laurentian Pilotage Authority and Maritime Employers Association kiosks.

The groups also attended a play on the theme of marine-sector careers. Due to circumstances beyond our control, the day's programming changed at the last minute for all groups since the ship was no longer available.

Despite this last-minute hiccup, the event was very successful, thanks to the collaboration of many individuals and companies to whom we extend our heartfelt gratitude.

A big thank you to our partners for their outstanding support and cooperation!

CHANGES TO THE BOARD OF DIRECTORS

The Sectorial Committee is pleased to welcome Martine Rivard, Head of Human Resources and Communications, CSL Group, to its Board of Directors.

We would also like to take this opportunity to highlight the departures of Claude Dumais, CSL Group, and Jean-François Belzile, Shipping Federation of Canada, and thank them for their dedicated involvement on the Board.
