INVITATION TO THE FIRST-EVER GRANDE FÊTE MARITIME FAMILIALE (MARITIME FAMILY FIESTA)!

The Sectorial Committee is very pleased to invite you to the 1st edition of the Grande fête maritime familiale (Maritime Family Fiesta!). Organized in collaboration with the Port of Québec and St. Lawrence Economic Development Council (SODES), this family event, open to the general public but intended especially for youngsters and their parents, will run Sunday, September 16 from 10:00 a.m. to 4:00 p.m. at the Port of Québec cruise terminal.

Become an event partner and take advantage of this opportunity to introduce visitors to the maritime sector, its stakeholders and occupations in a playful yet decidedly maritime atmosphere!

On the agenda: inflatable games, make-up artists, interactive booths, photo booth, guided activities, street food, ship tours and prizes to win!

Interested in being associated with the event? Couldn't be easier! Just consult our [partnership plan](#) (French) for information on the various options available and complete our [partnership agreement form](#) (French).

Hurry, partnership opportunities are limited!

You can also help us publicize the event through your social networks. Our team, or that of the Port of Québec or SODES, can help you. Thank you in advance for sharing the news and invitation.

For further information, write to us at maritime@csmoim.qc.ca or contact Josée-Eve Poulin at 418-694-9059, ext. 223.

LAST CALL - CSMOIM MEMBERSHIP

Every year, the Sectorial Committee must update its list of members for the current operating year (April 1, 2018 - March 31, 2019).

If you have not yet completed the form, you can do so now by clicking <http://www.csmoim.qc.ca/fr/formulaires/formulaire-dadhesion-et-de-renouvellement>.
(French only)

Registration is free of charge and gives you access to various services and pieces of work (studies, documents, achievements). Membership is renewable annually and is valid until the following March 31.

The deadline for sending in your completed form is September 28. If we have received nothing from you by September 28, your name will automatically be struck from the list of members.

MARINE CAREERS PROMOTIONAL CAMPAIGN - FIRM SELECTED

Another step has been completed in getting the digital marine careers promotional campaign under way. After the call for tenders stage, the three firms selected made presentations in mid-July to the members of the promotional campaign working group.

Following the presentations, the Québec City-based firm *Les mauvais garçons* was chosen to carry out this key project, which is supported financially by the Québec Maritime Strategy. The campaign, to be launched in fall 2018, will make extensive use of social media and the Internet to reach target clientele.

MARINE INDUSTRY TRAINING NEEDS SURVEY

The summer holidays are unfortunately already drawing to a close and September is almost upon us! For the Sectorial Committee, fall means the marine industry training needs survey, and our team is already hard at work preparing this year's edition.

Knowing needs related to skills and training is central to the Committee's mandate. The annual survey allows us to draw up a list of Québec maritime organizations' needs and to meet them quickly and effectively.

Around mid-September, Sectorial Committee members will receive the 2018-2019 marine industry training needs survey form by email, which you are asked to complete and return to us (it can also be printed if you have difficulties).

We would remind you that your participation is essential. In addition to enabling us to adjust the training offered to our members' needs, the survey results are used in allocating Emploi Québec funding for regulatory training. Note that, again this year, only survey respondents will be eligible for this financial assistance.

Thank you in advance for returning the duly completed form to Susan Falkner sfalkner@csmoim.qc.ca no later than October 12, 2018.
