► HUMAN RESOURCES SECTORIAL COMMITTEE OF THE MARITIME INDUSTRY (CSMOIM) NEWSLETTER

VOL. 13 - NEWSLETTER N° 120
APRIL 2017

ANOTHER SUCCESSFUL JOB FAIR!

The Foire de l'emploi job fair is a key event for job seekers in the Québec City area. Companies can take applications on site, a fact much-appreciated by visitors. The event is free for the public and is held twice a year. The Sectorial Committee was on hand for this 19th edition, along with a number of other marine-sector organizations. This year's job fair was held on March 31st and April 1st at the Centre de Foires d'ExpoCité. The fair welcomed 163 exhibitors, making it a must for job hunters. The maritime sector was well represented, enabling visitors to learn more about the sector and the jobs it offers.

IMPORTANT! ANNUAL GENERAL MEETING: MARK IT ON YOUR CALENDAR

The Sectorial Committee is very pleased to announce that the 2017 AGM will be held on the **AML Louis-Jolliet**! All Committee members are invited to join us on board ship on June 8 at 1:30 p.m. for a 1.5 hour cruise. The AGM will begin at 2:00 p.m. and be followed by a conference on human resources management and then a cocktail offered by the Committee. Please confirm your presence **before May 23**.

Paid parking is available on the wharf.

To confirm your attendance, [sign up here](#).

For further information, you can reach us at maritime@csmoim.qc.ca or 418-694-9059.

Sincere thanks to our sponsor, Croisières AML.

FIRST-EVER TRAINING SESSION ON MARINE-SECTOR ENERGY EFFICIENCY!

For the first time, this spring, the Sectorial Committee will offer a training session on energy efficiency as it applies to the marine sector! Considering the industry's need for this type of training, the Committee developed this new project in close collaboration with Aurem Langevin, Marine Engineering Expert with Innovation maritime, who will be the session's main trainer. Training will target integration of energy-efficient approaches for merchant ships and port terminals.

Guest speakers include Gaétan Simard, Director of Technical Services with GHGES Marine Solutions, Charles Massicotte, Engineer, President of OpDAQ Systems, and other representatives of energy-efficiency assistance programs.

- Date: Wednesday, April 12, 2017
- Time: 8:30 a.m. to 4:30 p.m.
- Location: Hôtel et Suites Normandin Québec, 4700, boulevard Pierre-Bertrand, Québec (Québec), G2J 1A4
- Cost: \$295 per participant, plus taxes
- Meal included

REPORT ON THE MARINE PERSONNEL REGULATIONS WORKSHOP AND RMAC MEETING

The report on the February 22 Marine Personnel Regulations workshop is now available [on our website](#)! Among other things, it contains all of the workshop's PowerPoint presentations. The Ship Safety bulletins mentioned at the workshop are also available on our website.

Susan Falkner, Sectorial Committee Training Coordinator, also reported on the workshop at the Regional Marine Advisory Council (RMAC) meeting on March 15 at the Clarion hotel in Québec City. Her presentation provided an opportunity to share the results of the Marine Personnel Regulations Workshop and to inform the participants of the requests and questions that were addressed to the representatives of Transport Canada at the event.

GENERAL SHIPPING KNOWLEDGE TRAINING: A GREAT SUCCESS!

The March 8 edition of the training session on general shipping knowledge, held at the Maison de l'UPA in Longueuil, was a rousing success with almost 20 participants.

Among the subjects discussed by trainer Nicolas Parent, Senior Consultant with CPCS, were: introduction to shipping and the marine transport context, major shipping industry stakeholders, related trades, types of vessels navigating the St. Lawrence and overall shipping system organization (legislation, regulations).

Two guest speakers were on hand to talk about more specific marine-sector topics. Daniel Olivier, of the Montréal Port Authority, presented his organization and the Port of Montréal in general. Then, Geneviève Gauthier, of Logistec Corporation, spoke about the field of stevedoring in relation to her company, its history and innovations.

GENERAL SHIPPING KNOWLEDGE TRAINING IN QUÉBEC CITY IN MAY!

For all marine-sector companies hiring new personnel this summer and for those wishing to offer introductory training to their employees, a training session on general shipping knowledge will be held in Québec City on May 10, at the Hotel & Suites Normandin Québec City (4700, boulevard Pierre-Bertrand, Québec, Qc, G2J 1A4).

It will also be given by trainer Nicolas Parent, Senior Consultant with CPCS. This is an excellent opportunity to train people who are new to the marine sector and who work in it.

The themes will be the same as those presented in Montréal in March, with a few adaptations. The guest speakers will be announced later in April.
