► HUMAN RESOURCES SECTORIAL COMMITTEE OF THE MARITIME INDUSTRY (CSMOIM) NEWSLETTER

VOL. 13 - NEWSLETTER N° 121  
MAY 2017

## REMINDER: ANNUAL GENERAL MEETING

The Sectorial Committee is very pleased to welcome you on board the AML Louis-Jolliet for its 2017 AGM! All Committee members are invited to join us on June 8 at 1:30 p.m. for a 1.5 hour cruise. Bring your colleagues! The AGM will begin at 2:00 p.m., followed by a human resources management conference, and end with a cocktail party, compliments of the Sectorial Committee. The boat will dock at 3:30 p.m. Please confirm your presence before May 23.

Paid parking is available on the wharf.

To confirm your attendance, [sign up here.](#)

For further information, you can reach us at [maritime@csmoim.qc.ca](mailto:maritime@csmoim.qc.ca) or 418-694-9059.

## GENERAL SHIPPING KNOWLEDGE TRAINING IN QUÉBEC CITY IN MAY!

For all shipping companies who will be hiring new staff this summer or who wish to offer introductory training to their current employees, a General Shipping Knowledge training session will be given in Québec City on May 10 at the Hôtel et Suites Normandin Québec (4700 Boulevard Pierre-Bertrand, Québec City, Québec, G2J 1A4). Once again, it will be given by expert trainer Nicolas Parent, Senior Consultant with CPCS. This is an excellent opportunity to train people who are from outside the marine sector but work in it now. The cost is \$250 plus taxes per person, meal included. Participants will receive course notes early in the day.

Various subjects will be addressed in the training session, including an introduction to shipping and the context surrounding it, key shipping stakeholders, marine-sector occupations, types of ships navigating the St. Lawrence and overall maritime transport system organization (legislation, framework).

Anick Métivier, of the Port of Québec, and Ariane Charette, of SODES, will also be on hand to give conferences.

## ANNUAL CSMOIM MEMBERSHIP

As the new year begins (April 2017 to March 2018), it's time for the Human Resources Sectorial Committee of the Maritime Industry (CSMOIM) to update its membership list.

CSMOIM membership is free of charge and offers access to our different services, including the Info-emplois job posting service. To become a member or renew your membership, simply complete the form by clicking on the link below. It takes only a minute. Both new members and current members must complete the form.

[Click here to complete the form.](#)

You will receive confirmation by e-mail.

## WEBSITE VISIBILITY

You can display your logo on our website at any time to enjoy visibility among our visitors. Your logo will appear at the bottom of the Home page, in the "Partners" section. Last year (2015-2016), the Sectorial Committee's website had an impressive 72 085 hits. The Home page is one of the pages that is most viewed (21% of views)!

Send your request with your logo to [maritime@csmoim.qc.ca](mailto:maritime@csmoim.qc.ca).

## MUCH-AWAITED TRAINING SESSION IN RIMOUSKI IN JUNE!

A General Shipping Knowledge training session will be held in Rimouski on June 1. This training is rarely given in Rimouski, so take advantage to sign up along with your employees who are new to the marine sector!

We will have an opportunity to collaborate once again with our main trainer, Nicolas Parent, Senior Consultant with CPCS. Two speakers will join us: Bruno Gagnon, of Services Bruno Gagnon, and Mélanie Leblanc, of the Institut Maritime du Québec - Cégep de Rimouski.

The training session's goal is to familiarize employees with the marine sector, present the industry's special features and explain the roles of the various stakeholders.

- Date: June 1, 2017 from 8:30 a.m. to 4:30 p.m.
- Cost: \$250 per person (meal included)
- Location: Institut maritime du Québec - Cégep de Rimouski : 53, rue Saint-Germain Ouest, Rimouski, Québec, G5L 4B4

## SUCCESSFUL FIRST MARINE SECTOR ENERGY EFFICIENCY TRAINING SESSION ORGANIZED BY THE SECTORIAL COMMITTEE!

The first-ever training session on energy efficiency organized by the Sectorial Committee ran on April 12 at the Hôtel et Suites Normandin Québec in Québec City. Some 12 participants were on hand to learn more about subjects like machines' thermal performance, energy consumption on board ships and in terminals, and energy-efficiency projects. The day was filled with interesting information and learning of all types.

The main trainer was Aurem Langevin, Marine Engineering Expert with Innovation maritime. He had invited two speakers, Gaétan Simard, of GHGES Marine Solutions, and Charles Massicotte, of OpDAQ Systems, to cover more specialized aspects.
