► HUMAN RESOURCES SECTORIAL COMMITTEE OF THE MARITIME INDUSTRY (CSMOIM) NEWSLETTER

VOL. 15 - NEWSLETTER N° 139
SEPTEMBER-OCTOBER 2019

NEW EDITION OF MARITIME EMPLOYERS DIRECTORY

The Sectorial Committee is currently working on the 4th edition of the *Répertoire des employeurs maritime* (maritime employers directory). The purpose of this tool is to let job hunters interested in our industry know about Québec's marine-sector companies.

An electronic version of the complete *Répertoire* will be available on our website in fall 2019.

If you are a maritime employer, organization or association and wish to be included in the *Répertoire*, please contact Laurence Jolicoeur at ljolicoeur@csmoim.qc.ca for more information.

Note that the deadline for sending us your employer fact sheet is **September 16, 2019**. Thank you for your collaboration.

MARITIME EMPLOYMENT WEEK: A BRAND-NEW INITIATIVE TO PROMOTE MARINE CAREERS

SEMAINE DE
L'EMPLOI
MARITIME

23 - 29 SEPTEMBRE 2019

The first edition of *Semaine de l'Emploi maritime* (maritime employment week) will run September 23-29. SODES and the Sectorial Committee have joined forces to promote marine-sector careers through catchy posts on social networks.

Because a number of marine-sector organizations are actively looking for personnel, we are offering you the opportunity to participate in this initiative by sending us messages that will be disseminated on social networks! Our impact will be significant if many maritime organizations and their partners take part in maritime employment week.

If you are interested in participating or obtaining more information, please contact Laurence Jolicoeur at ljolicoeur@csmoim.qc.ca.

TWO GENERAL SHIPPING KNOWLEDGE TRAINING SESSIONS IN OCTOBER

[General Shipping Knowledge](#) training will be back this fall. Two sessions are scheduled: one in Québec City on October 17, 2019 and the other in Longueuil on October 30, 2019. Don't miss this opportunity to learn more about this sector and acquire basic shipping-related knowledge.

Nicolas Parent, Senior Consultant with CPCS, will present both training sessions. The guest speakers will be confirmed shortly.

To register for one of these training sessions, click [here](#).

NEW LOOK FOR THE CENTRE DE FORMATION AUX MESURES D'URGENCE (CFMU)!

During the 2019-2020 school year, the *Centre de formation aux mesures d'urgence (CFMU)* will be making significant changes. Major reconstruction and expansion work will be undertaken to double the school's size. This will enable the CFMU to welcome a new seamanship room, add classrooms and set up a brand-new cafeteria.

Some spaces will not be accessible while the work is being carried out. Get further details from the CFMU!

EMBARQUE

MARINE INDUSTRY TRAINING NEEDS SURVEY

For the Sectorial Committee, September means surveying training needs! Like it does every fall, our team is busy preparing its marine industry training needs survey.

Around mid-September, Sectorial Committee members will receive the 2019-2020 marine industry training needs survey form by email to be completed and then returned to us (it can also be printed and completed by hand if you have trouble with the e-version).

We remind you that your participation is essential. In addition to enabling us to adjust the training we offer to your real needs, the survey findings will help in the process of allocating Emploi Québec financial assistance for regulated training. Please note that, again this year, only survey respondents will be able to benefit from this financial support.

Thank you in advance for returning the duly completed survey form to Susan Falkner at sfalkner@csmoim.qc.ca no later than **October 11, 2019**.

EMBARQUE - YEAR 2 UP AHEAD!

Summer 2019 marked the end of Year One of our EMBARQUE careers promotion campaign. This first year gave us the opportunity to significantly increase the number of followers for our [Facebook](#) and [Instagram](#) pages. We saw a record number of hits on our [microsite](#) and a substantial upturn in information requests received by email or via social networks.

New year, new challenges! As we begin Year Two of EMBARQUE, our goal is to strengthen the feeling of belonging, continue to demystify the maritime sector and increasingly reach out to different audiences using redesigned means of communication.

CALLING FOR PHOTOS!

As we all know, a picture is worth a thousand words! There is nothing better than lovely photos of marine-sector personnel to fuel people's imagination and encourage them to embark on a marine career!

Please help us create a bank of various photos that we can post on our social networks. **You have photos of marine-sector personnel that we can use?** Forward them to us and help promote marine careers both on land and at sea!

Please send your photos to Laurence Jolicoeur at ljolicoeur@csmoim.qc.ca.

Thank you for your valuable collaboration!
