DO YOU KNOW THE DIFFERENCE BETWEEN THE CERTIFICATES OF PROFICIENCY AND THE CERTIFICATES OF COMPETENCY?

14

How to differentiate the certificates?

Certificate of Proficiency (CoP)

Certificates issued from a training certificate

* Please note that certificates of proficiency are issued only for STCW training.

Certificate of Competency (CoC) Navigation and marine engineer certificates

It is important to know that all STCW recognized training certificates are issued by an educational Institute (the Maritime Institute's Emergency Measures Training Center (CFMU) in Lévis or *another establishment recognized by TC*).

Following receipt of a training certificate, and when a CoP (certificate of proficiency) is required, **you must make an appointment with TC** in order to obtain the certificate of proficiency ("*passport*" format).

For each and any other training session done after the reception of the COP ("passport" format)

The candidate will receive a sticker to add to his qualifications register. All done remotely. Candidates should contact the CTC near their home and the procedures will be explained to them.

Note that there are no longer any "placemat" formats issued. However, old "placemat" format documents are still valid until their expiration date.

It is your responsibility to redo your training according to TC requirements at all times.

Training certificate issued by a recognized establishment:

NUMBER 15 - JANUARY 2022 PAGE 2

Navigational and marine engineer certificates issued by Transport Canada:

Examiner's certificate: issued by the examiner following the successful completion of the last examination leading to the certificate.

Minister's Certificate: Certificate of Competency (CoC) – Sent by mail following examination.

Certificate of Compentancy (CoC) - the "passport" format: Sent by mail following examination (for STCW navigational and marine engineers certificates only).

Note: The candidates have one passport for each Certificate of Competency (COC)

We are proud to share this information with you in collaboration with:

Transport Canada

Stay tuned for information from Transport Canada transmitted via these regulatory columns!
