MARINE CHIEF ENGINEER

OCEANEX Inc. is Atlantic Canada's leader in intermodal transportation. We provide door-to-door transportation service from anywhere in North America to destinations in Newfoundland and Labrador. We are proud to offer our employees a positive work environment, competitive salaries and excellent benefits.

When you are a member of the Oceanex team, you enjoy a stable career where your ideas are encouraged, and skills valued.

Position summary

We are looking for a Chief Engineer for one of our vessels sailing from Montreal, QC to St-John's, NL. Reporting to the marine superintendent, the Chief Engineer is responsible for the administration of the Engine Department, for the safe, efficient and economical operation of all machinery throughout the vessel, for the maintenance of equipment and the management of engine room personnel.

Qualifications

- Minimum 5 years experience as Chief Engineer;
- Canadian First-Class Engineer, Motor Ship Certification (STCW 95) mandatory.

Skills

- Excellent leadership, supervision and planning skills;
- Excellent oral and written communication skills;
- Excellent analytical, problem solving and troubleshooting skills;
- Capacity to work under pressure;
- Bilingualism an asset (French and English).

Working conditions

We offer excellent and competitive work conditions on high technology vessels and regular schedule 28/28.

We offer competitive wages. Continuous salary, 100% paid leave.

Status: Regular
Boarding Location: Montreal, QC / St John's, NL
Starting date: September 2025

To express your interest in the position, please forward your resume and cover letter in confidence to the following link: https://www.oceanex.com/hr

Oceanex Inc. is committed to equity in employment and encourages all qualified individuals to apply. We thank all candidates for their interest but wish to advise that only those selected for an interview will be contacted. ***No telephone inquiries please.***
