GOVERNMENT PUBLICATIONS

A new section—Government Publications—has been added to our website’s “Studies - Documentation” page. It contains various government publications that might interest you: training sessions, press releases, reports and tools, etc.

Beginning in August, all members will receive a monthly mailing the second Tuesday of the month. The mailing includes the government publications for which there is a deadline. All publications can be found on our website. To consult this new section and the information added to it since its creation, [click here](#).

MARITIME HRM CONFERENCE 2021: SIGN UP NOW!

The Sectorial Committee is pleased to invite you to the **Maritime HRM Conference 2021 – Maritime Human Resources in Québec: Current and Future**.

PARTICIPATION IN CARGOM CAREER DAY

The Sectorial Committee will run a booth at the 6th edition of CargoM Career Day. This year, the event will partner with the **Salon de l'emploi et de la formation continue – Formule hybride** (Job and continuing education fair – hybrid formula). CargoM will be devoting an entire section to transport and logistics sector trades and training.

Since this year's salon format is hybrid, the Sectorial Committee will take part in the in-person portion to be held on October 27 and 28 at the Palais des congrès de Montréal. Our team will be pleased to give visitors all relevant information about maritime occupations.

We look forward to seeing you there!

MARITIME EMPLOYMENT WEEK 2021

The Sectorial Committee, partnering with the St. Lawrence Economic Development Council (SODES), is pleased to launch the third edition of *Maritime Employment Week*!

As in years past, the goal of this initiative is to promote maritime occupations (on land and at sea) through catchy social network posts. Beginning today, October 18, and until October 22, we will be posting myths about marine-sector jobs, exposing those that are false and providing the public with information that is accurate and interesting. Various maritime organizations will also share this content on their own social networks. Stay tuned: a contest will be launched on October 25 to mark the end of *Maritime Employment Week*! We would like to thank Croisières AML for graciously offering the prize once again this year.

Happy *Maritime Employment Week 2021*!

ONLINE TRAINING: NEW PACKAGES AVAILABLE

- Given the industry's high demand for our new training session *Comprendre l'industrie maritime au Québec – Notions et apprentissages maritimes essentiels* (Understanding the Québec maritime industry – Key maritime concepts and essential learnings), we are pleased to announce that we are offering new packages to register several people from your organization for this training. In addition to the packages already available (1 access, 5 accesses and 10 accesses), we are now offering packages of 20 and 40 accesses. The more accesses you purchase, the more you save on the cost per participant!
- This distance training is available 24/7. When you buy a package, you have 1 year to use all of your accesses. This is ideal if your company foresees several hires!
- For complete details on the training and the packages, [click here](#).

QUÉBEC MARINE DAY 2021

The 21st edition of Québec Marine Day will run on October 26 under the banner “The Marine Industry, a World to Discover”.

To mark this day of great importance for our industry, the Sectorial Committee will join with the St. Lawrence Economic Development Council (SODES) and the Institut maritime du Québec (IMQ) to offer you a range of activities. On the agenda are two conferences with a maritime bent open to all and available on *Facebook Live* as well as virtual activities for Québec school groups (elementary and secondary levels) designed to demystify maritime occupations.

SECTORIAL COMMITTEE IN-PERSON TRAINING SESSIONS ARE BACK!

We were very pleased to give our very first in-person training session in almost two years! On September 16, our Training Coordinator, Susan Falkner, met with the employees of a Québec maritime-sector company accompanied by Nicolas Parent, Trainer and Senior Consultant with CPCS, who dispensed our *General Shipping Knowledge* training.

Thanks to all participants! It was great to see you again!

Two training sessions open to all will be offered in November. The first will take place on November 10 in Québec City and the second will run on November 18 in Longueuil. Some spots are still available! For more information, [click here](#). To sign up, please complete the [registration form](#).

Note that all COVID-19-related measures will be respected and that places are limited.

SECTORIAL COMMITTEE'S 20TH ANNIVERSARY

The year 2021 marks the 20th anniversary of the Human Resources Sectorial Committee of the Maritime Industry. The Sectorial Committee team highlighted this milestone by organizing a virtual toast at the June 17 AGM.

Thanks to all our partners and collaborators who helped make all of the work done over the past 20 years possible. The Sectorial Committee has been able to establish itself as a maritime human resources reference in addition to supporting employers and workers through various human resources and skills development projects.

We hope for many more years of wonderful ventures.

Happy 20th anniversary!
